

Good Afternoon Members,

The employer has sent out an email regarding essential and non-essential employee status. I will be on a conference call with our staff rep Shelby Woodall regarding this issue and attending meetings in different division on this issue. I know many of you have questions and concerns pertaining to this matter. The union will contact all members regarding updated information as we receive it. Please continue to forward questions to our website email box **local2696.com** and will respond back to you. I know this is a difficult time for all of our bargaining members. But, your union leadership is working around the clock to resolve any concerns our bargaining members have. We value all your hard work during this crisis.

Thank You,
Vonda Johnson
Afsome Local 2696 President
